WE ARE BRONZEWOOD CONSTRUCTION

WE BELIEVE that any estate project large or small deserves our professional attention. That our experience of three decades will help us to target exactly what you require, in either estate maintenance or special estate projects.

WE DO this first by listening to your needs, ideas and aspirations; via our knowledgeable office team and site surveyors. We then have large dedicated production facilities and multiple vehicles for delivery of product.

WE DELIVER great metal work and great efficient refurbishment programmes for your estates.

OUR STORY Our successful estate refurbishment programmes continues to be a success, be it railings, balconies or general improvements to our many loyal customers or be it bespoke railing for Leathermarket TMO, upgrades to Staircases and balcony's on Blenheim Gardens a Lambeth Resident Management organisation (RMO) or security improvements to estates in London Borough Southwark like the Four Squares Estate. We are the metal fabrication company, to go to!

OUR PUBLIC REALM REPAIRS AND ESTATE MAINTENANCE SERVICES

We carry out works to your estates and public realm, everything from railings, chute hoppers, gallows gates, balcony's security improvements to staircases roofs and buildings, Health and safety rails to roofs, lock changes and hydraulic loft hatches we cater for all your metal fabrication needs.

ACCREDITATIONS

SECURITY

We take security very seriously. All our steel and components are to British Steel Standards. We manufacture our products with solid mild steel and offer the option to Galvanise all products.

We offer:

SECURITY GATES

WINDOW GRILLS

CROSSBARS FOR GARAGE DOORS

ANTI SCALLING BARRIERS

**ON SITE ADAPTATION /
ADDITIONAL LOCKS AND
HASPS & STAPLES**

PALISADE FENCING

**FLOWFORGE LIGHTWELLS &
MORE**

ACCESS

We will work with you, supply and install some of the products you see on this page. **ACCESS RAMPS** for wheelchair use and the elderly. **GALLOWS GATES** to secure Parking areas. **ACCESS LADDERS** to roof or internal ladders to gain access to plant rooms.

SURVEYS & CAD DRAWINGS

We provide a free site survey and once the order has been placed we can also supply CAD shop floor drawings of the product for you to keep in your file. This drawing will show which materials were used, which RAL colour was used in the Spray or Powder Coat process, is the product galvanised and which fixing method was used.

PUBLIC AREAS

Some of our client's requirements are to cordon off Public Areas such as this grass area on Elim Estate.

REPAIRS AND WELDING

Should you wish to make a repair to your existing product please don't hesitate to contact our sales team.

Other projects take us to Stratford to install tubular safety barriers and gates to City Mill River.

STOCK

We stock hundreds of options of steel and railing components. Let us know your requirement and we can produce and install railings to your specification or match a product which is already on site.

Hairpin Railings are a very popular choice and you can find them all over London. This project is a play area in Peckham South East London.

MADE TO MEASURE

We know each site is different. To meet your demand all our products are made to measure.

LOCK CHANGES & COMPONENTS

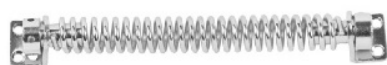

Every railing, every gate is different. We have encountered hundreds of different problems and requests.

Replacing a broken spring on a gate.

Supply shoot bolts and chain.

Welding back broken hinges.

Adding additional hasps and staples.

Lock changes to garage doors and security gates.

We stock hundred of different components. On this page you can see some examples.

KEY CLAMP

A very popular product to secure Roof areas. A very efficient structural component.

Strong with no sharp corners and is readily available and easy to install.

Galvanised with Strong corrosion resistance.

No Welding so Hot Works Permit not required.

No treading or Bolting, so no special tools required.

Cost effective to install.
